

If K-LOVE is displaced by an LPFM broadcaster, it would be a great loss to those of us who depend on it to focus our thought back to a positive frame of mind when we are overworked, overstressed and hit with negativity from all sides. I personally listen everyday, at home, in my car, at work. It changes my life with information, prayer, music of worship and a sense of peace. I recommend K-LOVE to everyone I meet because it has helped so many to rethink what is important in life and start working for a better community. I feel only more despair and loss of hope would develop if K-LOVE lost its ability to be heard. No matter where I travel, it is a familiar voice that reassures me that I can be a better person and do more to make my community a better place! The airwaves are filled with junk and negative music and talk, do not let them silence one of the brightest spots in the world!!
